### SUMMARY

---

Enthusiastic, highly motivated final year software engineering student with proven ability to work in a collaborative team environment who is curious, likes to seek out challenges and eager to learn new things.

### EDUCATIONAL BACKGROUND

---

**African Leadership University** – Kigali, Rwanda

**September 2022 – Aug 2025**

BSc Software Engineering (Full Stack)

*Relevant Coursework: Python, JavaScript, Advanced backend, MySQL, Airbnb clone*

### PROFESSIONAL WORK EXPERIENCE AND PROJECTS

---

#### SeedLinq web app

**July - August, 2025**

- Developed SeedLinq, a full-stack platform connecting farmers or agricultural entrepreneurs with investors through project listings, investment opportunities, and secure proposal screening.
- Built with React.ts & Tailwind CSS on the frontend, and Django & PostgreSQL on the backend.

#### Frontend Developer Intern

**January 2024 – April 2024**

**Odeen Microsystems, LLC** – Boston, USA

- Collaborated with a diverse team to build Odeen's official website, using React, Tailwind CSS, and the Mantine library based on provided UI designs.

#### Rise farmer360 web app

**December 2023**

- Developed a web application featuring a marketplace, a chat room for information exchange, and live weather forecasts specifically designed for farmers.
- Utilised HTML, CSS & JS for frontend and Node.js & MongoDB for backend development.

#### PinkRibbon mobile App

**August, 2024**

- Led a team of three to develop an app for our trimester's final project, aimed at educating people about breast cancer and providing guidance on self-examination techniques, using Dart/Flutter and Firebase.

#### Tour Guide Volunteer

**May, 2023**

**Pan African Mathematics Olympiad** – Kigali, Rwanda

- Served as a tour guide for international participants at the Pan African Mathematics Olympiad in Kigali, Rwanda, providing cultural insights and logistical support throughout the event.

### SKILLS AND COMPETENCIES

---

- |                |                             |                   |
|----------------|-----------------------------|-------------------|
| • React        | • JavaScript and TypeScript | • HTML            |
| • CSS          | • Git                       | • Python / Django |
| • Adaptability | • Dedicated Team-member     | • Dart/Flutter    |
